Product Description

Completing Kit Required

Exmark UltraVac S Series 126-6954 fits Lazer Z E, Lazer Z S, and Lazer Z X series mowers. This commercial-grade, powered collection system

easily switches between bag discharge and side discharge with quick-attach capability. Larger-diameter tubes create less clogging. Compact design

minimizes trailer space for easy maneuverability while sealed hoods reduce dust. Requires completing kit.

Compatible Models (older RA series only): RAE702GEM44300, RAE708GEM48300, RAE708GEM52300, RAE708GEM60300,
