Product Description

COMPLETING KIT REQUIRED

Exmark UltraVac Collection System 126-8680 fits Lazer Z Diesel series mowers. This commercial-grade powered collection system easily switches between bag discharge and side discharge with quick-attach capability. Larger-diameter tubes create less clogging. Compact design minimizes trailer space for easy maneuverability while sealed hoods reduce dust. Requires completing kit.

Compatible Models: LZS80TDYM604W0, LZS80TDYM724W0
